

#### Billi Alpine 125 with XL Levered Dispenser

The Alpine Chilled & Ambient (still) drinking water system, is a mid-sized commercial capacity system, that maintains Billi's core design principles of space saving and vent-free installation. Dispensing chilled or ambient temperature water on demand, with a continuous supply of cool filtered water once tank capacity is depleted, the Alpine range is convenient and highly functional in offering uninterrupted hydration.

The dual temperature XL Levered dispenser offers a sophisticated and clean aesthetic, with simple user operation via position sensitive levers.

## Technical Drawings

\* Drawings are for guidance during Specification, refer to Installation requirements for final install. All efforts are made to ensure Compliance & Certifications claims are current, however this is subject to change without notice. Billi assumes no liability or responsibility for out of date information.

## Installation Requirements

## Installation Notes

- Electrical** A standard 10 amp power outlet is required, located no further than 1000mm from the underbench unit. The system is supplied with a 1 metre flex cord and plug.
- Water** A single 1/2" BSP (15mm) stop-tap with a male thread should be installed in an easily accessible position. Water supply must be microbiologically safe to drink, with a minimum dynamic water pressure of 250kPa and a maximum of 1000kPa.
- Pressure Valve** Integrated 500kPa pressure limiting and dual check valve is pre-installed to the unit inlet.
- Stone Benches** Billi has a no-cut policy regarding all stone benches in compliance with regulations. The safety of our team and customers remains Billi's top priority.
- Ventilation** No joinery ventilation or accessories are required for this Billi product (water cooled technology).

## Filtration - Most Recommended Replacement Filters

Billi range of premium filters utilize BWT's unique FibronX® technology, providing superior taste, water quality, filter life longevity and peace of mind when it comes to hygiene.
