

#### Billi Sahara Plus 360 with Safety Dispenser & Square Mixer

The Sahara Boiling and Ambient (still) drinking water system, is a commercial capacity system, that maintains Billi's core design principles of space saving and vent-free installation. Offering both boiling temperature water and a bottomless supply of filtered ambient temperature water, the Sahara range is convenient and highly functional.

This system also serves as a point of use hot water system, for tea preps and breakout spaces with the addition of a mixer tap, providing Hot and Cold water for the sink.

The Safety Dispenser was designed in consultation with industry experts and is widely regarded as the best fit-for-purpose solution currently available. Ideal for high security or critical care environments, including correctional facilities and mental health care units.

#### Finishes

Standard Finish

CH - Chrome

Add the relevant Finish Code to the Product code to complete your specification, eg. 943065V SCH-LF

#### Accessories

**990718CH** - QL Font for Safety Dispenser

**990720** - Tubing Extension Kit for X series dual temp dispensers 2mtrs

#### Product Specifications

Water Type	BAHA
Dispenser	V - Safety Dispenser
Mixer Tapware	S - Square Mixer
Product Code	943065VS
Warranty	3 years manufacturers warranty
Under-Bench Dimensions	180mm(W) x 340mm (H) x 460mm (D)
Boiling Output	Up to 165 cups per hour
Chilled Output	N/A
Sparkling Output	N/A
50°C Hot Water Output	Up to 40L per hour
Min / Max Dispenser Temp	Ambient / 99°C
Power Plug	10 amp
Power Rating	2300W, 220-240V ~ 50-60Hz
Water Pressure	Min. 250kPa
Ecolabel	N/A
EPD	N/A
Greenstar Contribution	N/A
Watermark License	WM-021525 (unit), WM-25901 (tap)
Lead Free	✓
Section J7.7 (NCC)	✓
WELS	6 Star - T31455 / T35027
WELL	Cornerstone Membership
Management Systems	Every Billi drinking water appliance is manufactured under the strictest standards and is certified in accordance with: ISO9001 for QMS (FS 790754), ISO14001 for EMS (EMS 801468) and ISO45001 for OSHS (OHS 801469).
Food Handling	HACCP License No. PE-138-BIL-R1-02
Filtration	994051 - 5.0 Micron supplied standard

### Installation Notes

- Electrical** A standard 10 amp power outlet is required, located no further than 1000mm from the underbench unit. The system is supplied with a 1 metre flex cord and plug.
- Water** Two (2) Cold 1/2" BSP (15mm) stop-taps with a male thread should be installed in an easily accessible position. Water supply must be microbiologically safe to drink, with a minimum dynamic water pressure of 250kPa and a maximum of 1000kPa.
- Pressure Valve** Integrated 500kPa pressure limiting and dual check valve is pre-installed to the unit inlet.
- Stone Benches** Billi has a no-cut policy regarding all stone benches in compliance with regulations. The safety of our team and customers remains Billi's top priority.
- Ventilation** No joinery ventilation or accessories are required for this Billi product (no waste heat).

### Filtration – Most Recommended Replacement Filters

Billi range of premium filters utilize BWT's unique FibronX® technology, providing superior taste, water quality, filter life longevity and peace of mind when it comes to hygiene.

**994051 - (5.0 micron)**

Supplied standard.  
Commercial & high volume sites.

**994052 - (0.2 micron)**

Fine filtration.  
Residential or Critical Care sites.
